Textbook & Fees

- Ham Radio License Manual, Third Edition
 - Publisher: American Radio Relay League, Inc.
 - Previous editions are obsolete & should not be used.
 - Textbook included in course fee.
- Course Fee
 - \$30 (includes textbook)
 - \$5 (if already have textbook)

Introductions

- State your name and a little about yourself.
- Why are you taking this course?
- What do you know about ham radio?

Course Overview

- Welcome to Amateur Radio
- Radio and Signal Fundamentals
- Electricity, Components, and Circuits
- Propagation, Antennas, and Feed Lines
- Amateur Radio Equipment
- Licensing Regulations
- Operating Regulations
- Communicating with Other Hams
- Safety

Expectations

- Class will start and end on time.
- Instructors will be prepared to teach.
- Students are expected to read assigned material before each class session and be prepared to learn.
- Ham radio is not a spectator sport. Active participation during class discussions is vital to success in obtaining your Technician Class License (ticket).

Class Goal

- Our goal during this class is for each of you to achieve the Technician Class Amateur Radio License!
 - The license will authorize you to operate an Amateur Radio (Ham Radio) transmitter.
