2007 BRENTLINGER RECIPIENT: W9EEU!

The 2007 Brentlinger Award was presented this year to someone who has been a faithful supporter of the WVARA for many years. For instance, Gary has been active as a VE, serving in well over 25 test sessions.

He has been a supporter of the WVARA Tailgate Party and Hamfest for several years.

Gary is an active Amateur Radio operator, and maintains an active operating schedule on both the HF and VHF bands. He operates Both HF and VHF mobile as well.

He has been active at all Club functions, including, but not limited to our annual Field Day and Bison Stampede activities. Recently, he has been providing us with a wonderful location for Field Day, in Cory. He typically arrives early during setup and leaves late once teardown is complete.

He has served as a net control for both the Sunday morning ARES VHF net and the Sunday evening WVARA VHF nets, and served as net coordinator for the WVARA evening net as well.

He has served on the WVARA Executive Board in several positions, and is currently serving his third consecutive term as president. He also is the newest Life Member of the WVARA.

Furthermore, for several years he has represented the WVARA as a delegate to the Indiana Radio Club Council, and was just recently elected to the position of Vice Chairman.

And last but certainly not least, he was successful in obtaining a 501(c)3 determination from the Internal Revenue Service for the WVARA. For these reasons the WVARA proudly and gratefully presents the 2007 Brentlinger Award to Gary Adams, W9EEU.

Gary Adams, W9EEU

Dayton Bus Trip Is Not Too Far Off!

If you're thinking of attending the Dayton Hamvention, the Club-sponsored bus is really the best way to go. No motels, no long drive either to or from, breakfast stop, no parking and walking - the bus drops you off right at the door and waits for you.

And, of course, the dinner stop at Shapiro's restaurant. Avoid high gas prices and let us provide all the transportation. Then there's the motel if you stay overnight or all that windshield time if you make it in one day. Just fill out the form on page 3 and send it in NOW! It's a great trip!

Note: The bus fee does not include your entrance fee at Hara Arena or your food.

Arch Knoll, N9UPJ -SK

Archie Knoll, N9UPJ, left his earthly body and all of us behind on February 24, 2007, to travel to a "far better place".

Archie was blind, however no one was ever able to convince him of that fact. He spent his life doing those things that people told him were impossible for him, "you know, seeing as you are blind and all". He wired his house, painted his garage, climbed his tower and the list goes on.

Those of you who attended the club meetings at Rose Hulman some years ago might remember Arch. When everyone would give a name and a call he would say, "Archie, A-G-N, ain't got none". Well, he did get one and was active on our local nets and after he got his general was active for a time on HF. The last few years, Archie's health was bad and he finally lost the battle.

Arch was the first blind man or woman to graduate from Ivy Tech. He was a mechanic and a good one. He worked for the city for some years and while others were using the new scopes and diagnostic tools, Arch used his ears and his hands. Archie could listen to an engine, or sometimes put his hands on a car and tell you where the problem was and how to fix it before the other guys could get their cables hooked up.

Arch was uncommonly strong, so, when it came time to rebuild an engine Archie would take all of the mounts loose, take the hoses off and anything else that might be connected to the engine, then put his big hands on it to lift it out of the car or truck. He would then move the engine and put it on a stand that was in a place, where he knew where it was ahead of time. When someone would ask, "Arch, can I help you lift that"? He would say, "Just stay back so I don't drop this motor on your foot".

I knew Arch from the Indiana School for the Blind in Indianapolis when we were teens and his quiet deep voice oddly enough did not change much over the years.

It always seems like so few words to sum up such a rich life.

"Once I was blind, but now I can see"!

The President's Corner

I would consider the 2007 WVARA Hamfest to be a very successful event. A big thank you to all who helped out in any way to make the event work so smoothly. I heard several positive comments about our Hamfest, and we should be proud.

Some years ago there was an ad campaign that proclaimed, "This is your country". I can't remember what was being sold, but I do remember the catch phrase. The same could be said of the WVARA in that "This is your club". We sometimes feel burdened by the Constitution and Bylaws of the WVARA, which require us to follow certain procedures when conducting the business of the club. A review of the Constitution and Bylaws show that considerable thought was given to ensure that the general membership of the WVARA is the voice of the club. These documents provide that the Executive Board is responsible for providing leadership to the Association and for conducting its business, including referral of matters to the general membership. The Executive Board routinely handles many matters in conducting the business of the Association, which serves to keep the Membership from being bogged down in our monthly meetings with business matters. In providing this leadership to the Association, the board meetings can sometimes be reasonably short, but at times can become lengthy in considering the impact on the Membership. One can only imagine our monthly club meetings if the structure called for all business to be conducted by the Membership at these meetings. It is ultimately your voice that determines the direction of the WVARA. Elections for the Executive Board are held annually at our December meeting, board meetings are open to anyone wishing to attend, and important matters are referred to you for your consideration. The more one considers the Constitution and Bylaws of the WVARA, the more one has to appreciate the wisdom of those who crafted these documents. The WVARA exists for the Membership, and so as the old ad campaign touted, "This is your club". It is what you make it.
