

## CABIN FEVER NET ANNOUNCEMENT

CQ CQ CQ

This is Gary, K9ERE, and Pat, KA9ALI, welcoming any and all radio amateurs to what we are calling the CABIN FEVER NET.

All licensed radio amateurs are welcome to check in and participate.

This is a purely social net. Its purpose is to provide an ability to safely congregate freely during these times of mandated isolation. The success of this net depends upon you.

There are only a few topics off-limits:

- Politics
- Religion
- No rumors except those of an upbeat nature which you label as such.  
In other words, keep it positive and accurate.

This net will meet Monday through Friday beginning March 30<sup>th</sup>, on the 146.685 repeater (pl 151.4hz) at 7 PM Terre Haute time, at least through Indiana Governor Eric Holcomb's 'Stay at Home' order which ends on April 6<sup>th</sup> at 11:59 PM or later, if he extends it.

A change in net time may be instituted if 7 PM turns out to be unsatisfactory. All changes will be posted on the WVARA List Server and on the regular WVARA Sunday night traffic net at 9 PM Terre Haute time.

Please note:

A given net may be suspended if severe weather is in the immediate area. At this time you are encouraged to switch to 145.230 and check into the Skywarn net.

This will be a directed net with a new roll call made up each day from those who check in. Once the net has started, late check-ins will still be recognized.

The success of this net depends upon you. We all need to support one-another in this extraordinary time. Won't you join us?

73,

- Gary and Pat Wheeler, K9ERE and KA9ALI
